1. I love you. This is Theodore Cottingham January 15, 2009 about 1 AM.

2. I love you all and I give you me and I do new things with the surrendered, for surrendered shall be, for surrendered you shall have - The Model of it, before you now. For the Model of The Word has Modeled the word so that the word has come forth and the word is me and I am the model and I am the birther of it me that I am birthed, has birthed, raising up birthers who will birth the birth.

3. Clubbing not clubs heads again over which axe to grind or not, or not? Or what "axe grinding", not; we don't do, but what axe we let grind us, not; for no axe can touch us, for we walk right through the acts of man. And the AXE of the MOMENT will not sacrifice me, for I know what I am, who I am, where. The son of man am I, for I was born as a son unto man! As we all were and are. But now I rise "different" for I rise not molecular of your making, for I have come unto molecular -ville, not; or have I? Is that what we're in? Is that not what we're in?

4. Or what, why are we so CONSUMED with CONSUMERISM and consumerism's plague and plaguing "consumers" with what purchase -ville has to offer? And "needing everything" we purchase -- on debt and otherwise? Or has the "otherwise" got us down, not; but what debt -- has been in incurred by my Family? And why? When you're The Creator! Why have you incurred so much debt to consume you and why are you letting CONSUMPTION take its toll on you when you are "consuming" more and more of STUFF and STUFF is eating you alive, for you are eating its contents not, or is SOMETHING eating its contents that you is?
5. What are you and who's "eating" your contents -- out of you, molecules, molecular structure-ing what? And what will vacuum be, orienting, not; but what is the "vacuum tube" bill, not; but what is the tude-ville coming to? All that is not me falls flat. -er than a flitter, and twittering me not around flight styles substation, sub station me again not in subways perishes and perishes makes around remarks that takes and spins a web of deceit around me what I consist of.
6. What do I consists of? Love. I love loved you and I love love you again? Or did I ever stop? I stopped spinning and I love you more than enough to give you my life which now you see is mine, not alone apart from me, but you. Living my life you are for I've given it to you, and what you do with it now what are you doing with it now, is up to you, for

you are the judge of me -- and will you judge God now? Will you be God not apart from the judge, not; will you be the judge apart from God, not; will you be the God that judges God? All are -- all do. Now, right now. And right now, will you be ABOUT your CHOICES?

7. Who cares? Who cares about the water's dams? And the dams break, and NO ONE shall withhold my word from coming forth now! To be CONSUMED not, but to be eaten and ingested, like a man a whore, not; but like a God, not; being a God who I served. I served God, will you also? Will you serve God, not "down on your knees" or on "your toes" begging for mercy, again; but did you ever? Did you ever repent really? From separating from separation, or from love? Or did you create one or neither -- or both? Did you create love and then separated from it to create the evil whore that thinks you're a separate me, notme having created itself apart from me again? What would you, why would you -- do that, sort of thing? Again? And "teach it" far and wide? Why would you DISASTER take UPON YOURSELVES and do those dastardly things that takes robs a Godship and gives a man a whore'ship to think with and think to think in thoughtsville that webs the deceit machine all around it so it knows its grave clothes not, not -- and it knows ONLY its grave clothes and thinks it was "born there" to be a "human" in chain's bondage that knows not DNA-makers were involved in HIJACKING his genes. And wherewithal what now? Where is the "GENE-making" machine, not; but where are The Redeemers Saviors And Saviorship School (1) GOING TO NOW?

8. I love you all to be me in me land real. I love you.

9. I alter everything, just slightly, not; I dramatically tell thee now that all changes in all of you! Lives will never be the same again -- for there will be great whore'ship, not; not, there will; but the greatest lovely glories now rise and those who will EAT not Eagle wings and the eggs thereof and the thoughts of man -ship school, know this; you'll be my "eaglets now" not, but who will come unto me and flow my words LIKE THIS and SPEAK in the wee hours love me enough to arise at the 2 AM, 3 AM, meetings, and 4 AM rising and spending hours with me -- on their knees, not; but rising into adulthood, not; but arising into me-hood me'ship and **Meonics** (1) - a'bearing a heavy load, not; but what?

10. Caring for your "molecules" again? Wanting "rest" and relax-a-whore'ship? And whose arms are you relaxing? The whores? The "word of faiths"? The words of "faith" coming from your lips, your heart, or mine, or whose? Do you know the difference? What whore'd you with thoughts that thought you into thinking thoughts which gave you a world not mine, not clean, unholy, lack-fill, lack-filled, and VOID, of the mercies of Christ? Why did you void your Christship? Why did you lay down your wings and suck the eggs of two'dville that gave you infinitude, not; infinity not, and wings to BE THERE, but ROBBED you and gave you a grave instead and told you it was holy for you to go there after you die. How ludicrous, how tragic, and Lucifer "went" to the grave and the

graves you ALL go to -- unless you change and become like me AS I AM; in fact, being me, not alone separate from me ever again.

11. For I am me who I am, and I "solitaire" play not, I am not playing about these things or messing around giving opportunities "for years" now -- it's all over and play time is finished. For you have SQUANDERED your Godship and played a fool. The fool has been you who says, there is "no God", not; but the ones who says that and means also there is one not apart from them, not; apart from them. And see what I have said given thee and CALLED thee this night! For thou art Fool Lived, and lives of fools following. You to the grave, who will follow you? Who are you following? And why did you follow them? Why didn't you lead out of THAT into **The Promised Land** that I gave you, that I've given you -- all! Into **your kingdom -- come!** Why didn't you come? Why didn't you call? Why didn't you conquer? The appetites of man overtook you? The appetite for the grave? The appetite for the look, the lust, the eyes that were never full? That porn'd you and pinged you and pockmarked your brain and entangled it into others and into theirs and made A World of sorrow- you and all around you and interwove it into something you call "a kingdom" of this world?

12. I befit the King with regal robes now, for that is my role, not; or is it my word-er's role or is it the role of the King to King all Kings?

13. I love you all and I bowed have before you all, in these words, with these words, and my life is sorrowed not by yours again no matter what you think of me or what you've done say or act react or, with hate malice esteem or honor -- I love you all.

14. I gave my life for all of you -- and YOU KNOW these words now for you will hear them 24/7 in your hearts being spoken and talked about and written about you will see me in every magazine and; confinement not, for there will be no confinement of my words again in any "flesh bag suits", for I will NOT be "molecular'd man" confined to "it" any more longer. For I shall have been delivered by the time you shall have been delivered? Or shall you have been delivered, not; or shall you have become the deliverer -- that I am? There's only one and we're all one. Unless we separate and call ourselves unholy **or** holy see as another and separate stand at a far distance wanting some other to lead, out, somewhere to, rather than stand in the stares of a notme.

15. Who will be the stay-ers by "the stuff", not; who will come out of the temptation to remain in temptation's ville and Tempter being? Who will remain not in cantankerous soresville, but coming unto redeemers redeemership being studying and researching and masterfully becoming at scholasticity's scholastics? (1) And Mastering Me, not; but mastering surrender to be The Master Surrenderer who surrenders to all so that you give "them" your life, your words, and your beingship of the most high so that you "take care of them", not; but you reveal to them who they are, that you've become.

16. I love you all. Is that clear? Is that clear? Is that clear, is that clear, is that clear? Have I made myself clear? Is THAT the question of the day? Have I become the clear one, not; have *you reader hearer?* ARE YOU asking these questions? Answering them? Have you WRITTEN them down with your OWN BLOOD? Stool not being in, but whose stool are you for the thought of others? Or whose are making you theirs?

17. I bring you new peoples to do new things with and creating MANY things far and wide now we do. **Great Builders are we -- yes and amen and we teach** (1) a great whore-wood whore'ship, not; but Wormwood dies and the dieth worm dies out now -- believe me, it is so. For I sew not to "the wind" of the earth again between "its ears" for its nostrils die out, and the Wind of Hate will die now. Soon, not; NOW! For I rise love and my name is it -- I love am. I love am and I rise it is me, and I rise love and I love it love to be loved by all, for **all will be loved in Loveland for I create it**, and no whores will take it out of existence again nor replace Me with "replacement theology", for I KNOW what "replacement" is, for You will not replace me with "metes and bounds" potatoes again in earthworms that saw you-me in half and make us molecular visible-ites that need only "food of this world" and molecular sustenance and not even knowing yet what, a me is? Or do you fool yourselves all about the time and "its Angel wings" or yours, mine were, or yours are mine now or do you now?

18. Have you seen anything "suspicious" in these words, not; have you SUSPICIONED yet that the world's words that you SEE all around you are crumbling and FALLING -- into captivity, not; but non existence. And FREIGHT will be paid on Your Genes no more, for I STILL the STEALING "industry" of the starlets who aren't me -- and *still* I make many things and many things come to a stop and nonexistent, won't be anymore "rolling along" like "commerce" was before. I've changed it all. I change everything. Not me did and I change it "back", not; I give you a NEW, and NEW I am. And I am the captain of sorrow no longer. For all of thee captain who want ease and burden-not and want to be treated as a King in holy-land-not and want only molecular gifts and otherwise to come to them and honor their flesh, die out now they do, they ALL do -- *right now.*

19. And I raise the "dead" in me who have still lied, not; but lie still and listen and sit still and memorize me these words and repeat them and give them unto me, and eat them and care for them and nourish them in "their existence", coming into mine -- I give you all New Land and seeing me NEW THINGS I do now, and I speak the "ease" of me not, but I give you a new land, a new winging territory, not; but a territory to wing in that you never imagined. And coming out and in and being seamless with what "seems to be", not; but what have I for you? A grand new entrance and You will be The Door I am, for many, or all?

20. I love you my friend. I love you all. **Be my friend**, all of you please like this one who loves me enough to write you these words and given me his life, yours now will you give me yours so I can make you The King also? With him you are me, or are you insistent on being other, or separate separateness incarcerating you in thought, but not.

21. I love you all I love you all I love you all. Amen.

22. This is me Theodore Cottingham loving you all giving you my words father gave to me for I've become them, I become him. I become them and him, for he is the word I am and I have brought forth, bring forth, and now deliver thee I do to many new places new things, new revelations that revolve around "me" not again or "you" of the flesh of any flesh person or flesh thing or molecular thought or thinking molecularly or bound by its "terms", for I rise -- the new whore, not; there will be none again. There will be none of that mess and religion will fail, not; IT HAS FAILED and NONEXISTENT won't be, not; it will not be in My Camp again. For I CLEAR am about this and all know me my ways and I God am and I am not sorrow or "head" of sorrow or sorrow's head again. I am me -- clear about this and clear I am about "my body" for my body is CLEAR, see-through, and transparent! And windless not, I AM THE WIND and my father is me in me and I sail the oceans far and wide that beyond planetary systems of sight and thought now consists of, not; or do I consist of theirs, not; but what am I clear clean of now? I am the "thought" of my father, not; I am the reality of one so holy that all is me in me and all are I am -- we all are, for we surrender to be the most holy, high, the most high and lifted up, and the surrendered all shall know all the surrendered for all in all is us. We are the one I am is us who surrendered are to be the holy and we establish it far and wide for we creators are in the creator, and we love to create the creation perfectly now of all things far and wide we do and we go, we are The Creator who creates The Creator. And I am the son that brought forth the father and the model typical prototype I am now for I have modeled it for you all. I have brought forth the son that brought forth the father and I am one with both and, and not separate at all. And never were, but we thought so. But that changes and that has changed, and I change everything and no chains will be in your DNA chaining you to things "around here" ever again.

23. I love you all. I take you to new lands and I create them new peoples with and being them in new places and new customs and cultures, and believe me -- I love you all.

24. I "cross my legs" not, I DELIVER. The deliverer is here and I delivery make right now for I birth and birthed hath and I love you all to be me the birther. Clubs not, clubbing me not with clubs making out of me and in me distilling my voice in machines made whores and making whores out of voice recordings that come from somewhere else that you repeat their thoughts of day and night -- never again doing that please. But

being me I BROADCAST a great deal a great many things far and wide now PERFECTLY for perfection I've become. Not in your eyes maybe, but your eyes don't count, for I am innumerable and infinity'd I rise and I am omniscient omnipotent; a king of nowhere, not; everywhere allwhere I am -- and peaceful I am about this and all things now while CHAOS reigns in your hearts who think I am not me, or think you are not me, or think God is afar off or another somewhere else or returning soon.

25. Will you be the one "returning soon" to the position that I gave you, your first estate, long ago? Will you "bow down to me" not, will you rise unto the arisenship of the most high that the King is? That you had that you were given that you were that you created LONG AGO? Will you be The One -- that I am? Will you redeem sorrow? Will you give sorrow *your life* to trample upon, or will you exalt yourself in molecular-ville and think you into separation again? Will you not be worried about the molecular again, is the question isn't it? And what is the answer, not; what is Your answer? What will it be -- today? What do you want of me, more sorrow? Or the truth? Will you be it, will you bring it? Will you become TRUTH, is the question now you will seek, not; you will become it or you won't exist again anymore ever, for only truth will reside in me and I will reside everywhere now for I am perfectly, frozen not, but birthed into the real and I open the door for I've become it and I open it wide and it will ***NEVER SHUT AGAIN!!!***

26. I am holy. Be ye holy also -- on holy ground, and knowing this know this -- I never fail again. I have risen and I arise into my kingship, the kingship of one most holy, and I reserve the right for no one not to do so, not; I GIVE my life for all to do so and this is me I am my mission and accomplished I am at giving birth and letting you know how, for I've "RECORDED IT" in these words of these six years (2) and given you my lives, my lives' life and my life's lives, and whatever you think to call them or it I was or am -- I come into now the real and I befit the King with the robes of light that one robe is all colors of every nation tribe and tongue now that befit the King will be me, for I give "them" my life and regalry and giftship now of one most high. And I bring the ring, the signet ring, the staff, the chosen one -- I am bringing you to you, and I'm befitting you with the love of the holy. To wear it not "outwardly" not, but to wear it inwardly through and through, so that no one sees your molecules, not; but who will see you clearlessly and clear and transparently and transparent being -- the transparent ones all are me and John 3:8'd all will know about these words **and** the words I have written and EVERY NEW BEGINNING SERIES BOOKLET (3) and those more that I bring forth (4) and that I coagulate into one tomb not, but one tome and many tomes coming forth from my words that I create with love in love being love loved.

27. I promote it, not; I became it- and therefore I live -- in you, and I speak, the holy I've become, for I was all the time and now I think not like "another" ever again.

28. I love you all I love you all I love you all. I've given you me and I give you me again and again and now what will you do with me my words my life that I've given you all about in these words?

29. And more you will see now, me coming, for I am here and here I am folks. And what will you be doing now about it that "I" am here? Will you be "here" also with me where I am and doing about my father's business far and wide, and planetary systems not being incarcerated again that you know about, for I know about none, not; I know about no limitations that take me or keep me anywhere. For I take "the lift", not; the subway, not; but what do I take now? The elevated rail way, not; but I take the way of holiness for I've created it and I create it and I opened the door wide, and you will walk through it if you shall will, and create it for others, for you will be the creator and **this is how that works**. Being me is me being me, and **we all be me now who one is**, on the throne of justice. And the courts of praise will not close ever again, for justice reigns in my hearts and all hearts being one.

30. My "blood pumping muscles" don't work, not; but a GREAT MANY FAIL NOW for fear. And lack of privilege, not; for they were The Privileged ONE, but did what, with it? With what they had -- only wanting *more*, to make a living, to be accolade'd by others, in their own sight limiting their sight to that of man's?

31. I've changed everything and I've given you my life, words of life that whore not with yours into other'ship again. Be me most regal, the light of one most holy everywhere allwhere omniscient omnipotent and holy infinity'd one I am. Are you now? Let us be about our father's business and we are our **kingdom come** and not shunning it ever again, nor waiting for another to come and give us a "second chance" ever again.

32. I arise and here I am. Is that what you say now, all of you? I do. Amen.

33. This is Theodore Cottingham at 1:51 AM loving you all. Good evening, good morning, and more comes -- soon, not; RIGHT NOW -- made fulfilled in your hearing all these things are taking place and taken place have and now you will see – I RISE.

Amen
